What's included

- 1 credit = 1 finished reel. Planning does not use a credit
- Free: 3 generates on this iPhone. Then a pack is required
- \$4.99 buys 10 reels. \$9.99 buys 25 reels. One-time, not a subscription
- Nora or Alex voiceover, captions, 1080×1920
- App Store screenshots and preview video when Apple has one
- Save to Photos. The in-app video link expires in 7 days

Subscriptions are off. Buy a one-time credit pack.

Payment is charged to your Apple ID at confirmation. Prices above are USD; Apple shows and charges the price for your storefront. These are consumable In-App Purchases, not auto-renewing subscriptions. Unused credits stay on this iPhone account. Used credits cannot be restored or refunded except as Apple requires. Restore Purchases only finishes a buy that was interrupted (you were charged but credits were not added).
